Cameron Lowe : Bone Carvers (Rankin Flats Supernatural Thrillers Book 4) before purchasing it in order to gage whether or not it would be worth my time, and all praised Bone Carvers (Rankin Flats Supernatural Thrillers Book 4):

A town veiled in dark magic waits to swallow readers up in the latest chilling Rankin Flats supernatural thriller. For nearly a year, Garrett Moranis, his girlfriend Brianna, and their ghostly allies have been taking on the vicious cannibalistic Legion at every turn. Aided by friends within the police force and the FBI, they've always managed to stay one step ahead of the gang. But when rogue agent Shannon Oliver grows weary of the fight, she makes a last desperate play to find the true leaders of the Legion. Knowing Garrett will never agree to her plan, Shannon devises a cunning, bleak solution. If Garrett and his ghosts won't help her, she'll simply make them by kidnapping the person the vigilante loves most in the world. In a brutal race against the clock, Garrett will tear apart Rankin Flats to find Brianna, but hope dwindles by the hour. To rescue her, he'll have to find Hamber, a town hidden away from all mankind, save the poor souls invited in to become their next meal. For Garrett Moranis, the butcher's bill has come, and it may be a price too high to pay.
